#### **CONSTRUCTION:**

Scarecrows must be durable and able to stand up to sun, wind and very likely rain showers. Use care in choosing your materials. All decorations must be firmly attached to your scarecrow. We recommend a 2 x 4 piece of lumber for the central body. A broomstick or 2 x 4 is recommended for the arms. We will supply a 4 to 5 foot tall steel T-post already placed into the ground. You will need to bring rope or wire to attach your scarecrow to the post. Feel free to bring additional props like straw bales, corn shocks, etc. Scarecrows and props must fit into a 6 x 6 foot area. If you choose to bring fresh vegetables or fruits (like pumpkins) they must be whole and not punctured or carved, to ensure they last through the duration of the contest. You are welcome to visit your scarecrow and keep it in good presentable condition. We reserve the right to remove any entries that do not maintain their ability to be displayed. All entries must be hand-made. No commercial costumes, rubber masks, plastic masks etc. will be allowed. Electricity will NOT be provided. Only solar or wind power for moving parts may be used.

As part of your display, be sure to make a sign with: the name of your entry, and your name, group, or service club name. (This will help your friends and family find your entry when voting.) Your sign should be no larger than 11 x 17 inches. No advertising or political statements are allowed (Note: business category may have advertising).

***The scarecrow contest exhibit area is family friendly. Scarecrows should be whimsical, humorous, mischievous or lovable - NOT frightening. Monsters, gruesome, bloody or especially scary entries will be disqualified.***

***~ Jack Creek Farms reserves the right to disqualify entries they feel to be distasteful or not family friendly~***
